God's Word is Life-Changing! Let's Go!

It all started when Peter and John met a lame beggar at the gate of the temple. They had no silver or gold, but they gave him what they had, "In the Name of Jesus, get up and walk." He did and WOW, was his life changed! We ate wiggly, jiggly jello hearts to remember God's love and the man's wobbly legs as he learned to walk! Our turn-around toys remind us that God's Word changes the direction of our lives, just like Salty's captain's wheel changes the direction of our High Seas ship! And Sailor Jack found out that God's Word, not a "knot trophy," is life changing! Let's Go!
